Purpose of this Document

The purpose of this document is to concisely explain the overall structure of the Young Democrats of America in a manner that is far more accessible and digestible for our members and the general public. This document may not be able to explain every facet or aspect of the structure and processes of the Young Democrats of America and we encourage readers to refer to the Charter, Standing Rules, and Call to Convention (which are the organization's governing documents) for answers that require greater specificity. You can find a link to the Charter, Standing Rules, and Call to Convention of the Young Democrats of America on our website (www.yda.org) in the footer of the page.

Introduction, Organizational Background, and Mission & Vision

The Young Democrats of America (YDA) is the largest youth-led, partisan political organization in the nation. The Young Democrats of America mobilizes young people under the age of 36 to participate in the electoral process to elect Democrats, influence the ideals of the Democratic Party, advocate for progressive issues, and train the next generation of progressive leaders. The Young Democrats of America has been the official youth arm of the Democratic Party since its founding in 1932.

The YDA has over 25,000 members nation-wide in chapters in 49 states and U.S. territories — including high-school and college students, young workers, young professionals, and young families — Our membership reflects the broad diversity of our nation and the Democratic Party.

Since 2002, the YDA has operated independently of the Democratic National Committee (DNC) as a nonfederal 527 political organization, while maintaining voting representation on the DNC through the YDA President, and two elected Democratic National Committee-people. The President of YDA also serves on the DNC Executive Committee.

The mission and vision of YDA is to “engage young people across the country to train the next generation of Democratic leaders, elect Democrats, and advocate for progressive issues. The vision of this organization is to be the hub for Democratic youth engagement that cultivates the party leaders of today and tomorrow.”

National Committee

National Committee is the governing body of the YDA between National Convention; the Committee has broad authority except for powers reserved to the National Convention (e.g., electing officers other than the National Committee Representatives and approving the Platform).

Membership

The National Committee fluctuates in the size of its membership but typically is compromised from 150 to 160 individuals. Individuals who hold multiple voting positions are only entitled to one vote on the National Committee. The National Committee is comprised of the following individuals:

- YDA National Officers
- Chairs of Constituency Caucuses
- Presidents of Chartered Units
- 2 National Committee Representatives (not of the same gender identity) from each Chartered Unit
- The President of the High School Democrats of America or their designee
- The president of the College Democrats of America or their designee

Additionally, administrative officers, committee chairs, committee vice chairs, and committee secretaries are non-voting members of the National Committee.

Meeting Notice and Requirements

The National Committee meets during National Conferences that are held at least twice per year. National Committee Meetings must alternate between each of the four regions during the two year biennium (although, if no chartered unit within a region wishes to host a meeting then the meeting may take place anywhere). Meetings are also allowed to take place completely virtual. National Committee Meetings must be announced by the YDA Secretary with at least 60-day notice to the YDA National Committee and the general public. Being a member of the National Committee does not prevent individuals from registering and participating in other events and activities at Meetings such as attending workshops & trainings, hearing speeches from elected prominent Democrats, and participating in social events and outings.
Proxies and Remote Participation

Members of the National Committee who cannot attend a meeting are able to send proxies to other Young Democrats to vote in their stead. Individuals who do not hold a voting position vote on the National Committee may only carry two proxies at one time (allowing two votes total). Individuals who already hold a voting position vote on the National Committee also may only carry two proxies at one time (allowing three votes total). Proxy Forms may be submitted electronically to the YDA Secretary. Since the COVID 19 Pandemic, YDA has also allowed members of the National Committee to participate and vote remotely.

Meetings

Some of the things that the YDA Charter, Standing Rules, and Call to Convention requires or allows the National Committee to do during meeting is as follows:

- Approve proxies of National Committee Members
- Approve various resolutions
- Amend and adopt Charter, Bylaws, and Standing Rules
- Approve reports from Special Committees
- Elect 2 Democratic National Committee Representatives (before July in even-numbered years)
- Any other relevant business that comes before the body

A quorum of the National Committee consists of representatives from 25% of chartered units.

National Committee Update Calls

The National Committee may also meet via conference call. These conference calls usually include important updates from YDA Elected and Appointed Officers and can at times feature a guest speaker. National Committee conference calls happen usually on a semiregular basis (e.g. every other month).

---

1 Proxies from YDA National Officers must be to other members of the National Committee
2 Report from the Credentials Committee
3 Report from the Resolutions Committee
4 Report from the Rules Committee
Emergency Rescheduling, Cancellation, and Movement of Meetings

Meetings of the National Committee may be rescheduled, canceled, moved to either a new location, or switched to a videoconference through a:

- Receipt of a written request of the National Committee signed by at least 1/3 of the current membership of the National Committee to the Secretary.
- Vote of 4/5 of the Executive Committee

Meetings of the National Committee may only be moved if there is a serious situation in the host city (e.g. a natural disaster, a terrorist attack, an epidemic, or a declaration of a state of emergency) or in the event of the death of an YDA officer (30 days before the meeting).

Meetings that have been rescheduled or moved must be announced by the YDA Secretary to the YDA National Committee and the general public. Meetings moved to a videoconference must be announced by the YDA Secretary with at least 30-day notice to the YDA National Committee and the general public.

Electronic Voting

Sometimes an urgent matter or issue arises that requires the National Committee to take action in a more immediate fashion, usually in the time in between in-person meetings of the National Committee. An electronic vote may be called either by the President or by a petition which has been signed by at least 20% of the National Committee and filed with the Secretary.

Petitions need to have the signatures\(^5\) of at least 20% of the National Committee for a vote by mail or internet to take place. Once the required number of signatures have been gathered, the petition is then turned into the YDA Secretary. Matters normally handled at meetings of the National Committee to the members of the National Committee through the mail, or by means of electronic voting, provided that:

- There is at least one opportunity for open, un-muted and un-censored debate must occur prior to the beginning of the voting period. Notice for debate on a petition shall be announced no less than 7 days to all members of the National Committee.
- Members have at least 7 days to return their ballot.
- The list of members voting, and their votes cast are distributed to the National Committee.

\(^5\) Can include electronic signatures or personal information captured via a online form
National Convention

The National Convention is highest authority within YDA. The National Convention is held biennially in June, July or August in odd numbered years. National Conventions must be announced by the YDA with at least 60-day notice to the YDA National Committee and the general public.

The National Convention is the highest attended YDA event as every state is allotted delegate spots based on a formula that factors in the size of their state, their involvement in YDA, and various other variables.

The National Convention is planned and run by the Convention Management Committee who work closely with the Convention Chair, Secretary, Parliamentarian, Sergeant-at-Arms, and the various leaders of the Convention Committees. All these various positions are appointed by the President.

Delegates

Delegates are individuals chosen to represent their state or territory at the YDA National Convention. Each state or territory is responsible for creating a process for delegate selection. Being a delegate means you participate in Convention business like General Session, Committees, and Voting but also allows an individual to attend workshops & trainings, hear speeches from elected prominent Democrats, and participate in social events and outings.

Since 2019, each delegate can receive at least 3 votes at minimum and a maximum of 7 votes for YDA National Officer elections based on their state or territory’s distance to the convention site. The largest possible size of a state or territorial delegation is currently 34 (this is also dependent on a variety of factors); the vast majority states or territories would not need to bring this many people to cast all their allocated votes. Each state or territory chapter has the ability to submit a list of approved delegates to YDA but if those delegates do not show up then anyone who registers may be awarded delegate status. Additionally, chartered units may designate up to 25% of their delegate allotment, rounded to the nearest whole number, as virtual delegates.

Delegate status does not prevent individuals from registering and participating in other events and activities at the National Convention.
Convention Committees

The National Convention has a Standing Committee on Platform, Rules, and Credentials. Each state or territory can send one delegate to these committees to be their voting representative; state or territorial leadership can designate who that representative is. All work of the Standing Committees is forwarded in the form of a “Report” to the delegates of the National Convention for approval.

Brief descriptions of the Standing Committees at Convention can be found below:

Each is led by a Regional Vice President elected by the members of the region at the National Convention. Each of the 4 Regional Vice Presidents act as the liaison to their region and engage chartered units within that region. A caucus charter that has not been renewed by the end of the first National Committee meeting after the National Convention terminates at that time. Additionally, the Officers of YDA Constituency & Issues Caucuses are elected outside of general session at National Convention.
